Education

Indian Institute of Information Technology, Ranchi

2021 – Present

Bachelor of Technology : Electronics and Communication Engineering (ES and IoT)

CGPA: 8.43/10

Experience

DESIGNTALK

Nov 2022 – Mar 2023

Social Media Designer Intern

Remote

- * Collaborated with a remote team to create captivating and impactful designs for online platforms, using design tools like Figma and Canva.
- * Developed skills in visual storytelling and graphic design, ensuring consistent branding and enhancing user engagement.

WOOHMAMA

Nov 2022 – Feb 2023

Graphic Designer Intern

Remote

- * Utilized Canva to design visually appealing graphics and materials, contributing to the overall branding strategy.
- * Worked closely with a remote team to produce high-quality designs that met the brand's aesthetic and communication goals.
- * Gained hands-on experience in graphic design, refining creative abilities, and adapting designs to effectively convey the intended message.

Projects

To Do List | *HTML, CSS, JavaScript* [Git](#)

Aug 2023

- * Created a dynamic and user-friendly To-Do List application using **HTML**, **CSS** and **JavaScript**.
- * Enabled users to easily add, edit, and mark tasks as complete, fostering efficient task management.
- * Incorporated local storage capabilities using JavaScript to save and retrieve task data.

Weather App | *HTML, CSS, JavaScript, OpenWeatherMap API* [Git](#)

Aug 2023

- * Developed a dynamic Weather App using **HTML**, **CSS**, and **JavaScript**, integrated with the **OpenWeatherMap API**.
- * Presented users with current weather conditions, temperature, humidity, wind speed, and more, providing valuable weather insights.
- * Successfully implemented JavaScript to fetch and parse real-time weather data from the OpenWeatherMap API. Skillfully retrieved and presented relevant information, showcasing the ability to handle API integration and data manipulation.

Calculator | *HTML, CSS, JavaScript* [Git](#)

May 2023

- * Engineered a user-friendly online calculator using **HTML**, **CSS** and **JavaScript**.
- * Emulated the appearance and functionality of a traditional calculator, enabling users to perform basic arithmetic operations seamlessly.

Technical Skills

Programming Languages: C, C++, Java, Python, JavaScript

Web Technologies: HTML, CSS, JavaScript, Bootstrap, Responsive Web Design

Software & Tools: Figma, Canva, Visual Studio Code

Leadership / Extracurricular

Co-Coordinator, Product Design & Management Wing

Nov 2022 – Present

House of Geeks, Technical Society

IIT Ranchi

- * Orchestrated and facilitated workshops that guided over 250 students in honing their design skills, fostering a culture of creativity and innovation.
- * Led the organization of **House of Hackers**, a flagship hackathon that attracted participation from over 200 students across 15+ colleges, showcasing effective event management and coordination skills.

Certifications

Certificate 1: Complete Bootstrap Course For Beginners (GeeksforGeeks)

Certificate 2 : Figma for UX Design (LinkedIn)

Certificate 3 : UX Foundations: Multidevice Design (LinkedIn)
